Nauru Fisheries Development Corporation

**FOR ISSF CONSERVATION MEASURE 3.1(c)
Prohibition of Transactions with Companies without a Public Policy Prohibiting
Shark Finning**

NAURU FISHERIES DEVELOPMENT CORPORATION does not permit aboard its vessels the practice of shark finning, which is defined as the removal and retention of any shark fins while discarding the remainder of the shark at sea and requires that all shark are, if retained, stored and landed with fins naturally attached

For the purpose of this measure the following fins naturally attached definition from the MSC 3.0 standard will be used: "[A policy that requires] all retained sharks to be landed with their fins still attached to the carcass by prohibiting the removal of shark fins on board vessels as well as the prohibition of retaining onboard, transshipping or landing removed shark fins."

List of vessels managed under NAURU FISHERIES DEVELOPMENT CORPORATION:

NAOERO SUN
NAOERO STAR

This policy was adopted on 1st April 2024.
